Learning and Support Program “Lernbrücke” [Learning Bridge] during the Summer Vacation 2021

Dear Parents,

During the coming summer vacation, our school will participate in the state-wide learning and support program “Lernbrücke” [Learning Bridge]. Due to the (partial) school closures caused by the pandemic, many of our students were only able to study at home and have a need to catch up in order to make up for missed material.

We would like to offer our students the opportunity to make up missed content, deepen their studies and work on weaknesses in a targeted way during the summer break. In doing so, we would like to give you and your children the chance to feel ready for the coming school year 2021/2022 and start better prepared and motivated. Participation in “Lernbrücke” is free of charge for your child.

The “Lernbrücken” will take place mornings during the last two weeks of summer vacation (from August 30 to September 10 2021).

We recommend that your child participate in “Lernbrücken”. I sincerely hope that your son/daughter will take advantage of our offer.

Kind regards,

The School Administration

Please return this form to the school by June 25, 2021 at the latest.

Our daughter/son

Name, Grade

will participate in the program "Lernbrücken" [Learning Bridges]

from (date) _____* to _____*

from (time) _____* to _____*.
